JULY 2017

WARMER SANDY SHADES

Classic Marble Company has launched a range of brown and earthy toned natural marble collection for the season. Armani Brown, Bronze Armani, Petra Brown, White Oniciata,

Light Emperador and Empress Gold are some of the select brown shades among others in the collection that are trending in upscale spaces. Each brown marble in the collection exudes beauty, elegance and exclusivity, rendering a designer look to the applied area. With the launch of this select collection in the natural marble category, the company aims to provide this section of architects the scope to further experiment and play with the unconventional colour and design choices.
